RE: **NOTICE OF TRANSFER OF TELEPHONE SERVICE**

Welcome Valued Customer:

Econ-o-Call, Inc ("Econ-o-Call") and Econocall, LLC ("Econocall") are pleased to announce that Econocall will become your new local exchange telephone service provider on or about June 26, 2003.

How will the transition occur?

The information below should address some of the questions you may have regarding the transition process:

- Econ-o-Call and Econocall will take all necessary steps to ensure that your local telephone service is transitioned without any service interruption, any charge or any inconvenience to you. Econocall will assume responsibility for any carrier change charge that may be incurred as a result of this transfer.
- On or about June 26, 2003, Econ-o-Call will transfer your telephone service to Econocall and will no longer provide local telephone service to you. **If you take no action your telecommunications service will be automatically transferred to Econocall on or about June 26, 2003, and you will not incur any additional fees.**
- Econocall will provide the same high-quality telephone service you are currently receiving and at the same rate. Although you will continue to be billed on a monthly basis, Econocall will require that all payments for local telephone service be made in advance of the provision of the service (i.e. on a prepaid basis). All other terms and conditions for your telephone service will remain the same. Should there be further changes in the rates, terms or conditions in the future, Econocall will notify you in the manner required by regulatory agencies.
- If you do not wish to receive service from Econocall, you must select another local telephone service provider prior to May 26, 2003. Your selection of an alternate telephone service provider requires that you contact that service provider directly, on or before May 26, 2003, to ensure that your service is properly transferred. If you select an alternate provider after May 26, 2003, there may be a delay in the implementation of your new service provider request until after June 26, 2003. In addition, you may incur connection and/or presubscription fees because of your selection of an alternate provider. If you select an alternative provider, you should also contact your current long distance
